The 1950s, time of technical triimplis, draw to a close tonight, and the world embarks on a new decade, on the edge of a strange, new frontier.

At midnight, men and women around the world will arest the downing Sixties.

And as the cras shift, mankind had begun a different kind of struggle to reach the stars-no longer in spirit alone, but by physical prowess.

This was the challenging, slill unfamiliar horizon of the new decade, born of a period of unrecedented mechanical advances of rockets, satellites, automation and of computers that outraced the human mind.

But age-old problems, of peace and decency; still remained, and these, too, marked the organional egacies of the past, and responsiilities of the futures.

As the church bells and partygoers sound forth in celebration, there will be prayers and hopes that the time ahead will bring solutions. And signs, both for optimism

and anxiety, were in view. In international relations, moves vere afoot to ease tensions. There were other bright notes, too. Prosperity abounded, and lei-sure increased. Material comforts

surpassed those of any civilization that ever existed, and religious institutions flourished. Wider distribution of modernmedicine saved and extended lives until overpopulation formed as a problem. Streamlined agriculture oiled up billions of dollars worth

Eight Stars Quit Hedda Hopper's Show

NEW YORK (AP)-Eight movie personalities have withdrawn from "Hedda Hopper's Hollywood" TV show, but they have been replaced by other film notables, says the National Broadcasting Co.

NEC said Wednesday the changes for the Jan. 10 show merely represented "final ergiing" and had nothing to do with CBS - TV star Ed Sullivan's charges that Miss Hopper paid off in newspaper column mentions in stead of memy,

Sullivan's charge that she was underpaying her stars brought a countercharge from Miss Hopper that "he's a liar,"

Sullivan, also a newspaper columnist, took his complaint to two unions-the American Federation of Television and Radio Artists and the Screen Actors Guild. The Guild said the matter was not in its jurisdiction. AFTRA is investigaling.

Withdrawing from the show NBC said, were Charlton Heston, Mickey Rooney, Bette Davis Steve McQueen, Gary Merrill Robert Hortonn Joan Crawford and Tuesday Weld.

The replacements, the network said, will be Bob Hope. Robert Lloyd John Cassavetes, and Ve-send from blowing away. pitia Stevenson.
